PARR'S LIFE PILLS—SUMMER MEDICINE.

THIS popular medicine should be taken by every one valuing their health. No matter how well you may feel, the change of season imperatively demands a cleansing of the system and being without mercury, are peculiarly calculated for being taken with safety at this changeful period. The proprietors beg to state to Spanish, Portuguese, German and French Houses, that this popular medicine is put up with wrappers and directions in each of those languages—accompanied with a neat book, with engravings, of the Life and Times of OLD PARR, whose prolonged life of 152 years has long been a subject of curious speculation to those who have wished for length of days. Many medical men and [illegible] have deduced from the history of Thomas Parr, that the use of a Herbal Medicine, and regularity of life, are the predisposing causes which led to the 'number of his days.' As this opinion is corroborated by an extract from Parr's Life, Will and Testament,' such deduction is reduced to a certainty.

The subscribers having by purchase become the proprietors of this medicine, now offer it as a valuable remedy to the public. The hundreds of unsolicited testimonials of its efficacy in their possession, warrant their soliciting any one who may suppose Parr's Life Pills to be one amongst the many quack nostrums offered to the public, to convince themselves by a call at their office or upon any of their agents in New York, amongst whom [illegible] the principal Druggists.

Furs of all kinds Colored

AND

Dressed, and Bought and Sold.

E. Morse & Co.

FURRIERS,

East End Kenduskeag Bridge,

One door from Low's City Market.

WOULD respectfully inform the inhabitants of this city and vicinity, that they will richly Color and Dress all kinds of Furs, and warrant the color to remain fast, and preserve its brilliancy and elegance. Fox, Martin and Loup Cervier will be colored and dressed in a manner which cannot be excelled in Europe, notwithstanding it is reported that these skins cannot be dressed and colored in this country. E. M. & Co. will likewise restore the original color of old Fur Caps, thus making new from old. Buffalo Robes will be beautifully colored, and sleigh Robes manufactured.

Those who wish to inform themselves of E. M. & Co's proficiency in the coloring and dressing of Skins, are politely requested to call on Mr. DAVID HILL, to whom they have liberty to refer, and for whom they have done some service. They refer as above in consequence of the efforts of two individuals to injure them in their business.

As the summer and fall is a favorable time to do this work, on account of the weather it will be done much cheaper now than in the winter.

E. M. & Co. will pay the following prices for prime raw Furs, viz:

For Black and Maltese Cat Skins, 40 cts. pr skin,
" Loupcervier, $4.
" Muskrat, 20 cts.
" Sable $2.
" Mink $1.
" Grey Squirrel 10 cts.
" Wolf Skins $3.

P. S. E. M. & Co. return thanks for the liberal encouragement which has been tendered them since their residence in Bangor, and would give notice that they are now manufact'g Fur Caps, & cloth do with Fur bands, latest styles; Muffs, Tippets, Boas, Fur Gloves, Buffalo Coats, Sleigh Robes, Moccasins, together with every article in the Fur line worn by Ladies and Gentlemen. Linen Glazed Caps constantly on hand. The above articles will be sold cheap for cash, or will be exchanged for raw Furs.

Dr. John D. Buzzell's Family Medicines.

VEGETABLE BILIOUS BITTERS.

THESE Bitters are particularly serviceable when used alone in all cases of obstructions in the stomach and bowels, in chronic affections of the liver, and all other derangements and diseases proceeding from a diseased state of that organ; such as loss of appetite, foulness of the stomach, costiveness, dizziness and headache, Jaundice, Asthma, Dropsy, Rheumatism, Indigestion, Dyspepsia, Faintness and sinking in the stomach, eruptions on the face and neck, and are an excellent purifier of the Blood. When these Bitters are taken in connection with the Vegetable Pills and Anti-acid preparation will remove the most inveterate chronic diseases, even in cases where mercury has been unsuccessful, [illegible].

VEGETABLE BILIOUS PILLS.

The reputation of these Pills stands unrivalled for the cure of nervous or Bilious headache; costiveness, indigestion, dyspepsia and all disorders of the stomach; they are so compounded as to be slow in their operation, but after they have thoroughly operated upon the stomach and bowels, one or two pills is sufficient to purge the system, and in their operation they not only purge and cleanse the stomach and bowels from every impurity, but strengthen and give new life and vigor to the digestive organs, &c.

ANTI-ACID AND CARMINATIVE PREPARATION.

This medicine has been successfully used for sourness and wind in the stomach, and is a valuable specific in all cases of nervous irritability and hysteria, hypocondria, asthma, palsy and appoplexy, &c.

COUGH MIXTURE.

The reputation of this mixture stands unrivalled for the cure of all coughs proceeding from colds, asthma, chronic, catarrh, influenza and inflamation of the lungs or plurea, and chronic affections of the liver which frequently produce consumption. It is decidedly the best medicine ever discovered for the cure of the hooping-cough.

COMPOUND STRENGTHENING PLASTER.

All who have used this plaster have found it to be a sure remedy for pain or weakness in the stomach, back, side, chest, loins, muscles, joints, &c, and for lung and liver complaints, coughs, colds, asthma, rheumatism, etc.

HEMORRHOIDAL, OR PILE POWDER.

This medicine may be relied upon to give immediate relief, and if its use persevered in, will effect a certain cure of this truly painful and troublesome disease. This specific has been used by the proprietor in his practice for more than fourteen years, and he has never known an instance where it has failed to effect a cure. Try it.

Ointment for the cure of the Itch and all other cutaneous ERUPTIONS.

This ointment is a safe and efficacious remedy for the cure of the Itch and all cutaneous eruptions, and for a scald head one of the worst of humors.

It is a sure remedy for sores and humors upon the face with which children are afflicted, curing without leaving a scar, observing in all cases to take according to accompanying directions, the anti-eruptive or cooling powder.

ANTI-ERUPTIVE OR COOLING POWDER.

A sure remedy for inflamations of the blood or other fluids from which proceeds the St. Antony's Fire, Salt Rheum, and other eruptions of the skin.

SAND'S SARSAPARILLA.

FOR the removal and permanent cure of all diseases arising from an impure state of the blood, or habit of the system:

Scrofula, or King's Evil, Rheumatism, Obstinate Cutaneous Eruptions, Pimples, or Postiles on the Face, Blotches, Biles, Chronic Sore Eyes Ring Worm or Tetter, Scald Head, Enlargement and Pain of the Bones and Joints, Stubborn Ulcers, Syphilitic Symptoms, Sciatica, or Lumbago, and Diseases arising from an injudicious use of Mercury, Ascites, or Dropsy, Exposure or Imprudence in Life. Also, Chronic Constitutional Disorders will be removed by this Preparation.

If there be a pleasure on earth which superior beings cannot enjoy, and one which they might almost envy men the possession of, it is the power of relieving pain. How consoling then is the consciousness of having been the instrument of rescuing thousands from misery, to those who possess it. What an amount of suffering has been relieved, and what a still greater amount of suffering can be prevented by the use of Sand's Sarsaparilla! The unfortunate victim of hereditary disease, with swollen glands, contracted sinews, and bones half carious, has been restored to health and vigor. The Scrofulous patient, covered with ulcers, loathsome to himself, and to his attendants, has been made whole. Hundreds of persons, who had groaned hopelessly for years under cutaneous and glandular disorders, chronic rheumatism, and many other complaints springing from a derangement of the secretive organs, and the circulation, have been raised as it were from the rack of disease, and now, with regenerated constitutions, gladly testify to the efficacy of this inestimable preparation.

Copy of a letter received from Mrs Asenath M. Phillips of Norwich, Conn. after she had been using the medicine about eight days. Comment on such evidence is unnecessary.

Norwick, Oct. 8, 1842.

Messrs. Sands: Gentlemen, It is with the greatest pleasure, and a heart overflowing with gratitude, I sit down to address you, to inform you of my health, which is rapidly improving every day. Those tormenting pains in my limbs, which have followed me for nineteen years and six months, which were taking my life by inches, tortured and racked to that degree I could not sleep any more than a person wrapped in embers, or with some living creature biting the flesh. Not one single night have I slept all night during the whole of that time; and wonderful to tell, on the 26th of October, I went to bed at 10 o'clock, and slept sweet—sleep till morning, and have continued to ever since, which is five nights; the best sleep which I ever enjoyed in my life. The sores on my limbs are growing smaller, and oh one side there appears to be new flesh growing. The water is going off by degrees from my head to my feet. It is about two days since it reached my feet, so as to leave wrinkles on my skin. Nothing ever before reached my case until I tried your Sarsaparilla. If I continue to take it until the water is all removed from my feet and ankles, I will get well. I want you to send me some more by the next boat, by Mr Willcox. Can I find words to tell you how much I am indebted to you? No, I cannot. When physicians failed to help, and friends gave me up to die, it seemed that the Lord put it into the heart of strangers to find out a remedy and send it to me before the lamp went out. The scripture saith, "He that hath pity upon the poor lendeth unto the Lord, and that which he hath given will pay him again.

I must close my letter by subscribing myself your friend. ASENATH M. PHILLIPS.

BRANDRETH'S PILLS.

THE expressions *rich Blood, and poor Blood*, have a scientific basis. The ridicule which many have attempted to cast on these common sense opinions, must recoil upon themselves as surely as that Truth will prevail.

Brandreth's Pills.

The effect of this celebrated medicine is to purify the blood; to convert the poor, corrupt blood, into healthy, rich blood. And it is because they do this that they have been so steadily sought after by all classes of our citizens who have required medicine. And it is because of the power Brandreth Pills are now known to possess as health restorers, that renders them so popular.

They cure all affections, simply because they make the blood pure—abstract out of it those qualities which produce disease, and give to it those qualities which produce health.

Now every solid part of the human frame is made from the blood, and the food we eat is converted into blood to supply the waste our bodies are continually sustaining. So in the ordinary course of nature we manufacture our entire bodies in about 9 years from the food taken into our stomachs. Suppose the blood made in this stomach of ours is unsound, impure, occasioned by some cause or other; it may refer to the preceding generation; no matter, we make impure blood, and if so cannot be healthy.—Or suppose the air we have lived in for some time has been loaded with matters detrimental to health, or our food for a long period has been of an unwholesome kind, or that the mind has been much troubled—for grief, anxiety, or great attention to any particular point is sure to occasion bad effects on the blood. Any of these causes existing, good blood cannot be supplied to the body.

But let Brandreth's Pills be used daily under these circumstances, in doses of from two to six pills, or as the case shall determine. What is their effect? It is to carry off the impure matters from the blood, leaving only the good to renew every part of the body. What was unsound now becomes sound, and the stomach soon gets into so healty a condition that even bad air or unwholesome food for a time are unable to injure the health materially. Even when the climate or food continue an unhealthy, the occasional use of the Brandreth Pills will separate the impure parts and cause their expulsion, leaving what is good to supply life and strength to the body.

When the bones are diseased, when every ramification of the frame is out of order, the Brandreth Pills, will in nineteen cases out of twenty cure. Remember that the body can be entirely remade from the food, bones and all; and aided by this most beneficent medicine, in a quarter of the time it takes in the ordinary course of nature. In from two to four years an entirely new healthy body can be exchanged for the unsound, the diseased, the miserable one. The slowness or quickness of the change altogether depending upon the effect the Brandreth Pills are made to produce; which effect can be graduated just as the patient pleases. No possible injury can result from this; nothing but good can follow. Enquire the effect of Brandreth Pills among your unprejudiced friends; you will hear sufficient to satisfy you that there is no risk in making the trial, and that you will not be doing yourself justice without it.

When your blood is once pure nothing in the shape of food will hardly come amiss; nothing will sour upon your stomach; you may eat pies or any thing in reason; and the greater variety of food the better blood is made. All who have weak stomachs, who are dyspeptic, or in any way afflicted in body, should without delay resort to Brandreth's Pills—which will indeed strengthen the life principle; and by perseverance with them, entirely renew the whole body; the materials now in it good, will be kept so; those bad, displaced and removed.—Good blood cannot make bad bone or bad flesh. And bear in mind, the Brandreth's Pills surely purify the blood.

The public should be cautious of medicines recommended in advertisements stolen from me.

A sure test of genuine Brandreth Pills: Examine the box of pills; then look at the certificate of agency, whose engraved date must be within the year, which every authorized agent must possess; if the three labels on the box agree with the three labels on the certificate, the pills are true—if not they are false.

Purchasers remember the new labels on the boxes, that DEATH BLOW TO COUNTERFEITERS.

DR. WISTAR'S BALSAM OF WILD CHERRY.

THE best medicine known to man for incipient Consumption, Asthma of every stage, bleeding of the lungs, coughs, colds, liver complaint, and all diseases of the Pulmonary Organs, may be had of Agents named below.

All published statements of cures performed by this medicine are, in every respect, TRUE. Be careful and get the genuine, "DR. WISTAR'S BALSAM OF WILD CHERRY," as spurious imitations are abroad.

Orders from any part of the country should be addressed to ISAAC BUTTS, No 125 Fulton-st. New York.

The public are cautioned against being deceived by a man calling himself Brown who is traveling about the country endeavoring to sell his worthless trash for the genuine, which in itself is good for nothing. The following highly respectable gentlemen and firms have been appointed Agents for the sale of the genuine Dr. Wister's Balsam Wild Cherry.

BROWN'S SARSAPARILLA AND TOMATO BITTERS.

THE following are a few letters and certificates, which I recommend to the public. I think they will satisfy any unprejudiced mind of the virtues of this valuable medicine.

Bath, Me., May 28, 1844.

Mr. F. Brown—Dear Sir: Having tested the value of your Sarsaparilla and Tomato Bitters, I take pleasure in giving to you the facts of my case for your satisfaction and the benefit of others. I have been suffering with the Erysipelas humor in my side, causing my hand and arm to swell very much, and to be painful, at the same time and for some time previous, have been troubled with a weak stomach; most of my food has hurt me, and there has been a singular faintness at the stomach, which has been increasing, and caused me much difficulty. After I commenced taking your Bitters, I could perceive a gradual and immediate relief, and would recommend it with much confidence to those who are troubled with such complaints. Yours truly, WM. DAMRELL.

Bath, Me. May 27, 1844.

Mr. F. Brown—Dear Sir: I have sometime past suffered much from Jaundice and Dyspepsia at the Stomach, loss of appetite, and trouble and pain from the least simple food, with pain in the head and sides; a slight cough, general weakness and debility of the system. After using a number of medicines without any relief, I was induced to try your Sarsaparilla and Tomato Bitters. I received immediate relief from the use of one Bottle, and feel gratified for the great relief I have received, and would recommend it to all who are suffering from similar disorders.

Yours, Truly, FRED. B. SLAID.

Utica, N. Y. May 17, 1844.

Mr Frederick Brown—Dear Sir: I am again out of your Sarsaparilla and Tomato Bitters. It is an article that is much thought of, an old lady from Frankfort, Herkimer Co, says she has been confined to her house for seven years, and this has enabled her to get out. Several in the city say that it is the best medicine they have ever taken.

Please send me a fresh supply soon, as I have not a bottle in the store. Yours with respect,

J. E. WARNER,
Per R. F. RAY.

The following is another letter which I received a few days after the above. Utica, May 30, 1844.

Mr. F. Brown—Dear Sir: I wrote you some days since for some more Sarsaparilla and Tomato Bitters, as we are entirely out, and have daily calls for it. I trust on receipt of this you will send some without delay. You had better send them by cars to Albany, as I shall receive them sooner than any other way.

Respectfully yours, J. E. WARNER.

P. S. A Clergyman has just called, and says that his wife cannot get along without it. J. E. W.

The following is from my Agent in Bath, Me., Mr A. G. Page. He says: "I consider your Sarsaparilla and tomato bitters, the best and most valuable medicine now in use; it gives general satisfaction, and has effected some remarkable cures in this place, as you will see by the certificate which I send you." What can speak plainer than the above, and what better evidence do we want. Mr Page sent with the above letter a large number of certificates, from many of the first people in that place. Don't be afraid to inquire, if you have any doubts of their being genuine.

See what Mr. T. R. Hayes, lately one of the firm of T. K. Hayes & Co. Druggist in Portland, Me. and formerly agent for Brown's Sarsaparilla and Tomato Bitters, he says he knows from experience they are one of the most valuable medicines ever used, and now recommends them to all; he says no medicine ever sold so readily or was ever liked half as well; he knows of many that have been cured, or greatly relieved by its use.

Falmouth, March 15, 1844.

Mr Fred. Brown—Dear Sir: Please furnish the bearer one doz. bottles of your sarsaparilla and tomato bitters. I ask a reduction in price to me in order to enable me to introduce them into this (Barnstable county) I think they may be made to take the place of Dr. Richardson's bitters, which are now sold in this county. I can speak of the excellencies of your bitters from personal experience, having been relieved by them of Obstinate Billious disarrangement of the stomach and dyspepsia of many year's standing.

Respectfully yours. RICHARD S. WOOD.

Mr F. Brown—Dear Sir: I am much gratified in having an opportunity to announce to you that by the use of three bottles of your sarsaparilla and tomato bitters, I have been from a state of general debility and decline, and continual suffering restored to the enjoyment of good health. For a number of years I have been troubled with the Liver Complaint, so badly at times, as to prevent my attending to business, and Dyspepsia followed, with loss of appetite, weakness and debility, and a sinking and oppressive sensation at the stomach, most painful and distressing, which gradually decreased my strength, and led me into a decline, and debilitated me so much as to occasion fears for my recovery; while in this situation I was induced by the persuasion of a friend to make a trial of your bitters, and was most happily disappointed in finding an immediate relief, and before I had taken the contents of the first bottle, I had obtained a comfortable state of health and before I had used three bottles I enjoyed better health than for a number of years. This was about two years since, and my health has continued good till the present time. I must say that I have not much confidence in patent medicines, but I am satisfied from the wonderful effects of your bitters in my own case, and of friends whom I have induced to use it, that it is a valuable medicine, and I take much pleasure in recommending it to my friends and acquaintances, and indeed to all who are thus afflicted, as well worthy a trial. I remain yours, PELEG SPRAGUE.

Bath, Me, April 20, 1844.

To Mr Fred. Brown, Proprietor of the Sarsaparilla and Tomato Bitters:

This certifies that my wife was severely afflicted with the liver complaint and her health was very seriously undermined, having tried various prescriptions, without success, she was fortunately induced to make trial of your sarsaparilla and tomato bitters, her health soon began to improve, and she is now much better in health, and would advise any one in ill health to use them.

Yours, respectfully, CHAS. CARLE.

Portland, Me, June 5, 1844.

To Mr F. Brown, Chemist, Boston:

I certify that my wife has been afflicted with a very bad humor on the face, and at her stomach for fifteen years past. After using various medicines recommended for her complaints with little or no benefit, she commenced using, by the advice of Mr Edward Mason, Apothecary, your sarsaparilla and tomato bitters, and she is now in better health than she has before enjoyed for the last fifteen years, and I would cheerfully recommend to all and every one who are afflicted with any of the complaints which this medicine is recommended for, to use it in preference to any article now in use.

Yours, respectfully, I. B. LEACH.

Falmouth, May 29, 1844.

Post Office, Edgartown, Mass. May 24, 1844.

Mr F. Brown—Sir: Will you have the kindness to forward me by the schooner Energy, now in Boston, as Capt. [illegible] to Messrs Hewins & Fisher's Store 2 dozen bottles sarsaparilla and tomato bitters. A Capt. of a ship bound on a Cape Horn voyage wishes more than I now have on hand to supply him with; I therefore send this to be mailed in New Bedford, as I think you can send them up by the Energy. Should I delay sending the order until to-morrow's mail, it would be too late to send them by the Energy. By complying with the above request you will oblige.

Yours respectfully, SILVANUS L. PEASE, Post Master.

BRANDRETH'S PILLS.

THE expressions *rich Blood, and poor Blood*, have a scientific basis. The ridicule which many have attempted to cast on these common sense opinions, must recoil upon themselves as surely as that Truth will prevail.

Brandreth's Pills.

The effect of this celebrated medicine is to purify the blood; to convert the poor, corrupt blood, into healthy, rich blood. And it is because they do this that they have been so steadily sought after by all classes of our citizens who have required medicine. And it is because of the power Brandreth Pills are now known to possess as health restorers, that renders them so popular.

They cure all affections, simply because they make the blood pure—abstract out of it those qualities which produce disease, and give to it those qualities which produce health.

Now every solid part of the human frame is made from the blood, and the food we eat is converted into blood to supply the waste our bodies are continually sustaining. So in the ordinary course of nature we manufacture our entire bodies in about 9 years from the food taken into our stomachs. Suppose the blood made in this stomach of ours is unsound, impure, occasioned by some cause or other; it may refer to the preceding generation; no matter, we make impure blood, and if so cannot be healthy.—Or suppose the air we have lived in for some time has been loaded with matters detrimental to health, or our food for a long period has been of an unwholesome kind, or that the mind has been much troubled—for grief, anxiety, or great attention to any particular point is sure to occasion bad effects on the blood. Any of these causes existing, good blood cannot be supplied to the body.

But let Brandreth's Pills be used daily under these circumstances, in doses of from two to six pills, or as the case shall determine. What is their effect? It is to carry off the impure matters from the blood, leaving only the good to renew every part of the body. What was unsound now becomes sound, and the stomach soon gets into so healty a condition that even bad air or unwholesome food for a time are unable to injure the health materially. Even when the climate or food continue unhealthy, the occasional use of the Brandreth Pills will separate the impure parts and cause their expulsion, leaving what is good to supply life and strength to the body.

When the bones are diseased, when every ramification of the frame is out of order, the Brandreth Pills, will in nineteen cases out of twenty cure. Remember that the body can be entirely remade from the food, bones and all; and aided by this most beneficent medicine, in a quarter of the time it takes in the ordinary course of nature. In from two to four years an entirely new healthy body can be exchanged for the unsound, the diseased, the miserable one. The slowness or quickness of the change altogether depending upon the effect the Brandreth Pills are made to produce; which effect can be graduated just as the patient pleases. No possible injury can result from this; nothing but good can follow. Enquire the effect of Brandreth Pills among your unprejudiced friends; you will hear sufficient to satisfy you that there is no risk in making the trial, and that you will not be doing yourself justice without it.

When your blood is once pure nothing in the shape of food will hardly come amiss; nothing will sour upon your stomach; you may eat pies or any thing in reason; and the greater variety of food the better blood is made. All who have weak stomachs, who are dyspeptic, or in any way afflicted in body, should without delay resort to Brandreth's Pills which will indeed strengthen the life principle, and by perseverance with them, entirely renew the whole body; the materials now in it good, will be kept so; those bad, displaced and removed.—Good blood cannot make bad bone or bad flesh. And bear in mind, the Brandreth's Pills surely purify the blood.

The public should be cautious of medicines recommended in advertisements stolen from me.

A sure test of genuine Brandreth Pills: Examine the box of pills; then look at the certificate of agency, whose engraved date must be within the year, which every authorised agent must possess; if the three labels on the box agree with the three labels on the certificate, the pills are true—if not they are false.

Purchasers remember the new labels on the boxes, that DEATH BLOW TO COUNTERFEITERS.

An Important Renunciation—the Views of a Practical Man—An Appeal to the Working Men of the Country—Will they Listen!

The patient attention of every Mechanic and Workingman is respectfully asked to the following communication from Mr WILLIAM RATTLE, of Cuyahoga Falls. A friend, who encloses us the letter of Mr R., for publication, says: "Mr Rattle is a gentleman whose history, character and situation, entitles his renunciation to much consideration; and where he is best known, it will receive most attention. He is a MECHANIC—an industrious, *practical mechanic*; one who, by his superior intelligence, penetration, and industry, has risen from the honorable beginnings of personal effort alone, to the possession of extensive credit and resources, and a large and flourishing business, in various branches. By his sagacity and energy, he has maintained his commercial standing through a period which has proved ruinous to thousands of the best business men of the country. It is therefore a fair and practical inference, that the reasoning which would operate on the mind of such a man, in considering the bearing of the great questions of national policy, ought to operate upon the mind of every practical mechanic and business man—and that what affects the interests of individuals and classes, *by consequence* must affect the interest of the whole country."

Without question, this is so. The conclusion is irresistible, that what PROTECTS and CHERISHES the INDUSTRY and LABOR *of our own citizens*, in preference to the industry and labor of *the citizens of a foreign country*, must be the true American Policy—or it follows, as a natural deduction, *that we attach no value to the reward of industry* AT HOME, any more than abroad—that PROTECTION and ALLEGIANCE do not go hand in hand—that we are TAXED by our own Government to sustain the LABOR and the POPULATION of *foreign Governments*. There is no getting rid of this conclusion. The questions of FREE TRADE and PROTECTION leave no intermediate ground—no half way house, such as a Revenue for the expenses of the Government, that we seek, as an independent nation, but PROTECTION FOR THE PEOPLE. That constitutes the difference between the parties of the present day. It is on this difference that the Whig party takes its stand, going for AMERICAN interests leaving our opponents to sustain the policy which commands the approbation of *British* statesmen and *foreign* Governments.

It is the perception of this difference by Mr Rattle, that has induced him to change his party support. Mr R., is extensively engaged in the manufacture of leather, boots, and shoes. He has, therefore, tested the policy of the two parties, and has chosen accordingly. To others, practically engaged in the business of the country, whether of Agriculture, Manufacturing, or the handicraft trades, we say, read reflect and do likewise!

Our correspondent adds, at the instance of Mr R., "Mr Rattle has for many years been a subscriber to the Statesman. He wishes hence-forth to be your subscriber, feeling assured that he shall read in your columns the true Democratic Whig doctrine, such as was fashionable in the days of Washington, Jefferson, Madison, and the Revolutionary Fathers of the Republic." The approbation of *thinking* men, is next to the approbation of one's conscience. The tribute, however, is to *Whig principles*, of which we are but the humble exponents. [Ohio State Journal.

CUYAHOGA FALLS, (Summit Co. Ohio,)
September 6, 1844.

A. H. LEWIS, Esq.—Dear Sir—Your favor of the 20th ult. is before me, inquiring of me whether I have any objections to make my opinions public in reference to the Tariff and Currency questions, that now agitate the public mind, and also my choice for President.

I have no wish to appear before the public, in any manner; nor, on the other hand, have I any desire to conceal my opinions; and if you think any good will result from it, you are welcome to make my opinions public. I have always acted with the Democratic party, but I cannot vote for James K. Polk for President, without a surrender of principles and opinions which I am not willing to make. I do not abandon the miscalled Democratic party from any personal motive, but from a *clear conviction* that they have *departed*, widely departed, from the true Democratic faith, and because I believe the measures advocated by the Polk party fatal to the prosperity of the country.

Mr Polk it is well known, is opposed to the protection of our own home industry. He advocates the policy that would support the workshops of Europe and shut up our own. His free trade policy, or incidental protection, which is the same thing, would produce low prices for labor, barter and exchange trade, instead of cash, drain us of the precious metals to pay for foreign labor, and will, in the end, place our labor on a level with the pauper labor of Europe.

I know it is said in some quarters that Mr Polk is a friend to the Tariff policy, but this is gross deception. Mr Polk is not the friend of Protection, and his whole political career shows him opposed to the Tariff policy. Read his speeches in Congress and on the stump, examine his votes, and you will find that he goes as far as the farthest for free trade.

In the halls of Congress, and on the stump in Tennessee you will find him opposed to the policy which protects the labor and industry of northern mechanics.

Who was James K. Polk supported by at the Baltimore Convention? Were they the mechanics, laborers, and farmers of the *free States*? It is well known that almost the entire body of delegates from the free States were pledged to Mr Van Buren, but the free trade faction having obtained the ascendency, Mr Van Buren was thrown overboard to make room for a man after their own heart. Now is not this enough *to fix Mr Polk's position* on this question? Did Calhoun, McDuffie, and others who so cunningly laid the trap in which Mr Van Buren was caught, not know their man? and would they have assented to the nomination of Mr Polk, without knowing him to be for Free Trade all over?

It is useless to spend words about this matter: Mr Polk says himself that he is opposed to Protection, and moreover he says that he is opposed to the Tariff of 1842, and regards it as highly *Protective* and *oppressive*.

I have made up my mind not to support any man for Congress, or any high office, who will not declare himself unqualifiedly for Protection to home Industry.

If the friends of Mr Polk are so anxious to get our votes, why don't they get a pledge from him that he will sustain the Tariff of 1842, under which the country is now prospering? The Legislature of Pennsylvania passed a joint resolution, without hardly a dissenting voice, last winter, going all lengths for protection, and called on their members of Congress to sustain the Tariff of 1842. This, too was a *pure Democratic Legislature*, and the resolutions were passed almost unanimously, receiving the support of both parties.

Now let Mr Polk come out in the same unqualified manner, in favor of the Tariff of 1842—and this objection to his fitness for the Presidency will be removed. But he will not;—he would in that case deny himself, and *change fronts* entirely. If Mr Polk's friends are really in favor of a Tariff policy, as they would have the mechanics and laborers believe, why are they constantly assailing it, on the ground of its *taxing* the farmer, and increasing the prices of the manufactured goods to the consumers. Now, if Mr Polk's friends were really in favor of the Tariff, would they assail it in this manner, which goes against the whole system of Protection?

If the duty on imported goods in all cases is a tax on the consumer, (as the Polkites say it is) then the whole system of Protection should be abandoned, incidental Protection and all. Now I have examined the Tariff policy with some care, and have had some opportunity to judge of its practical bearings; and I assert that *every manufactured article which has been subject to the steady influence of Protection, has been reduced in price to the consumer*. I appeal to the statistics of trade and the price currents to satisfy me.—The following is a table of prices in the city of New York, of thirty four articles, for the accuracy of which I will vouch:

How the Locos love Protection.

The position of the Loco leaders is a singular one. They have but one object of pursuit, the success of their party, and to effect this they have absolutely and entirely abandoned all principles and public measures. Anything that will answer to catch a vote for the party, no matter how absurd in itself or how contradictory, no matter whether it be in favor of Protection or against it; whether it be the old Federal doctrines or Democratic doctrines—whether in favor of the present Tariff and claiming it as a Democratic measure, or against as an oppressive Whig measure for any form or all forms in which political issues can be placed, they are ready to throw up their caps.

Knowing that the experience of the people has proved the beneficial effect of the Protective policy, the leaders of the loco party have at the North made the most extravagant claims as the exclusive friends of Protection—that the Tariff was passed by their party and that they wished to increase the protection which it affords. While this is going on in one part of their papers, they are publishing old speeches in opposition to the Protective policy and thus attempt to bring the present influence of their authors to favor the doctrine of Free trade.

They mingle into a confused jumble the successive pages of our history, and the successive changes which have been effected in the business and labor of the country, and attempt to blind and deceive their readers and to render nugatory all the teachings of experience and the lessons of history, regarding the course and policy of the government. They make no distinction between those opinions which existed when the capital and labor of the North were fully engaged and absorbed in navigation—when foreign wars made a demand for all kinds of agricultural productions and when we were the common carriers for the world; or when the restoration of peace had changed the whole aspect, relations and markets of Europe, and capital and labor had been forced by these causes, and the action of the government, into new channels—changed from exclusive attention to navigation to a strong interest in manufactures. Everything of this kind is overlooked and the doctrines and opinions applicable, in a greater or less degree, to one state of the country and the world, are lugged in, without order or qualification, to another and entirely different state of facts.—This is true not only with respect to the subject of Protection but to the currency, the disposition of the proceeds of the public lands and all the measures which have engaged the attention of the government.

Not only do these leaders attempt to confuse and jumble the facts in our history, but they are even more reckless in their misrepresentations of the public men of the country.

If they may be permitted to carry an important election by such means as these, an election which is to shape and fashion the policy and measures of the government regarding our foreign as well as our domestic relations, we should like to ask of Freemen what they are to understand as the character of their votes. What course of policy, what significance shall be attached to them—into which scale do they intend to cast their influence? Plainly enough if they vote for Mr Polk whose advocacy is thus marked with so many inconsistencies and absurdities they give no definite expression by their votes, except it is to consider men as superior to principles and their will or whims as the best national policy. Can American Freemen enlightened, conscientious freemen thus vote? It seems to us impossible.

The contest now going on, in the presidential election, when we consider the direct interest which foreign capitalists and manufacturers have in being able to control our markets—the money and influence they are willing to bring to bare in favor of the free trade policy of this country, makes this contest involve all those great points between assuming here upon our free soil American interests against British interest or British against American. Ought there to be an American in doubt which side to take—which of these great interest he will support—where he will bestow his influence and his vote? No. Every American citizen should support the interests of his own country. Every principle of patriotism demands it. This was truly and deeply felt at the close of the last war and then it was that the South and North united in attending to American interest and agreeing upon the principles of a protective policy. Then were delivered many speeches in favor of this policy by men who have since lost a portion of that honest patriotism for the country and now for supposed local advantage they are willing to rip up the whole system and throw our people—the great industrial multitude, at the feet of British interests.

Once, the time was when British influence and British money being thrust upon our elections would have been repelled as readily as the advance of British bayonets upon our hearth stones; but now alas! their influence is courted and accepted for the triumph of party! The end of that way, if it be successful now, will be death to our independence and our honor.

American Freemen! We beseech you to look at the issue before you; and we call upon you in the names of American independence and American principles and American patriotism, to rouse yourselves for the conflict of opinion of sentiment—of principles involved in your ballots.—Are you for sustaining your own country and its citizens in honorable independence, then vote for Henry Clay the unsullied champion of America and American interests. If you wish British policy to come with crushing weight upon the industry of our people and British influence and gold to control our elections then act consistently in this and vote for James K. Polk.

☞ The Gazette a few days since copied from a Massachusetts paper somewhat of a glorification of George Bradburn for the part he took in showing a hand bill purporting to be a letter from Henry Clay to Cassius M. Clay which he said the Whig papers had not the courage to publish. It now turns out, as stated by the New York Tribune, that *Cassius M Clay has never received any such letter!* The letter therefore must be a forgery or it must have been intercepted and broken open while on its way from Kentucky. Whether it was Mr Bradburn or some other person that has taken this "liberty" we do not know. Those in possession of that letter are guilty of forgery or felony. When they settle the question as to which crime they have committed it will be time enough for the Whig press to publish the letter. Will the Gazette make this matter right with its readers.

☞ We learn that several of our young men who have been addicted to the use of Tobacco in some or all of the forms in which it is taken, have concluded to sign a pledge of abstinence. They feel that a mere personal resolution to abstain has less weight in their minds, less sustaining force than a mutual pledge. Let them move forward. Chewing, smoking and snuffing tobacco are all abominable habits that no clean man should indulge. They cost money, make men offensive, poison their bodies and injure their minds.

☞ The people of Illinois are accused of a design to starve out the Mormons, and compel them to leave their city; provisions on their way thither are intercepted, and those having them illtreated. The farmers are fearful of their lives being taken if they proceed in the direction of Nauvoo with provisions. Within a few days previous to the 14th inst numerous Mormons have visited St Louis to provide the necessaries of life. Such persecution of a people, for a difference of religion, is infamously wicked.

☞ The Russian government is about to send several professors of the University of Cason and St Petersburg, on a scientific mission to Italy, Germany, France, Switzerland and England.

☞ The Government papers of Mexico announced on the 24th August, that overtures had been received from President Houston for another armistice. Congress had granted Santa Anna all the war supplies asked for.

☞ Our thanks are renewedly due to Jerome & Co's Express for Boston papers, and to Gilman's Express for New York and Boston papers received at an early hour yesterday forenoon.

☞ In the Sebec Representative district the locos succeeded in electing their candidate.

☞ Mr Philip Thomas, of Cumberland, R I and two of his hands, are reported to have died from eating diseased potatoes.

☞ A correspondent of the N. Y. Express, writing from Havana, says that through the exertions of our Consul, Mr Campbell, "every American citizen confined on the serious charge of being implicated in the late horrid attempt to deluge our island with blood, his with the exception of Mr Thompson, been liberated on nominal bail. Mr Thompson's confinement is continued, because as yet he has not been able to present the slight bonds required, but he will no doubt, within a few days, be again at liberty."

☞ The Boston Mail of Oct 1st says, a Coroner's Inquest was held yesterday, on the body of Capt Abraham Tewing, of Hallowell, Me., found dead in the cabin of his own vessel.—Death occasioned by the gas from charcoal used for the purpose of killing rats.

Commencement of the Crusade for the Extermination of the Mormons.

The anti-Mormon party of Hancock County, Illinois, issued handbills for the assembly of a military meeting at Warsaw, on the 27th of September. This handbill requested the presence of the people of Missouri on that day, armed, &c. Prompted by this movement, His Excellency, Gov Ford, called our 25 hundred of the State Militia. We have not heard the result; but no doubt existed that the Militia would promptly respond to the call of the Executive, for the preservation of the public peace, and to prevent the violation of the constitution and laws of the State.

Since the above was written the steamer Ohio arrived, which left Nauvoo yesterday morning, and reports all quiet there. So that we are at a loss to account for the Governor ordering out the troops. So says the St Louis Republican of the 21st Sept.

Earthquake in the West Indies.

An earthquake of considerable violence was experienced at Trinidad on the 30th of August. Great fears were entertained for the safety of the town, but no material damage was done.—The deepest anxiety was manifested on behalf of the adjacent islands, from neither of which had any positive information been obtained.

☞ Abner Davis, Senator elect from Daviess and Martin Counties, Ind. died at Washington, Ind., on the 13th. He had been eight years in the Senate, and just re-elected. In politics he was a loco, though the District is usually Whig.

☞ The nett whig gain in the Foxcroft Representative district at the third and successful trial for Representative, was thirty two votes.

☞ At the third trial to elect a Representative at Calais the vote stood as follows;

Joseph A. Lee, (whig)	251
Wm. Brooks, (loco)	244
Scattering,	17

The Whigs keep gaining—let them hold on, and at length succeed.

☞ The Independent Temperance Association was organized last evening by the choice of the following officers:

WM. PAINE, President.
SAM'L J. FOSTER, } Vice Pres't
OLIVER PARKER, }
EDWARD C. BURTON, Sec'y.
HASTINGS STRICKLAND, Treas.

Long and enthusiastic applause went up as the officers came forward to assume the duties of their respective offices. Mr Paine made a neat speech upon taking the chair.
